REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary Dated January 26, 2005: "To date, a total of \$31,536.88 has been paid in connection with this claim. It is our position that reimbursement was improperly determined pursuant to the acute care inpatient hospital fee guidelines...According to Rule 134.401(c)(6), TWCC, this claim would then be reimbursed at the stop-loss rate of 75% as the total audited charges exceed the minimum stop-loss threshold of \$40,000.00."

Amount in Dispute: \$4,827.62

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The Requestor asserts it is entitled to reimbursement in the amount of \$36,364.50, which is 75% of the total charges. Requestor has not shown entitlement to this alternative, exceptional method of calculating reimbursement and has not otherwise properly calculated the audited charges."

Respondent's Supplemental Position Summary Dated August 1, 2005: "Carrier maintains its position as outlined in the original response."

Respondent's Supplemental Position Summary Dated April 26, 2017: Respondent submits this Respondent's Post-Appeal Supplemental Response as a response to and incorporation of the Third Court of Appeals Mandate in Cause No. 03-07-00682-CV...Based upon Respondent's initial and all supplemental responses, and under the Division's obligation to adjudicate the payment, under the Labor Code and Division rules, Requestor has failed to sustain its burden of proving entitlement to the stop-loss exception. The Division must conclude that payment should be awarded under the general per diem payment under 28 TEX. ADMIN. CODE §134.401 (repealed). Otherwise, the Division should determine the proper audited charges under Division audit obligations and rules."

Background

1. 28 Texas Administrative Code §133.305 and §133.307, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6264, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital for the date of admission in dispute.

Issues

1. Did the audited charges exceed \$40,000.00?
2. Did the admission in dispute involve unusually extensive services?
3. Did the admission in dispute involve unusually costly services?
4. Is the requestor entitled to additional reimbursement?

Findings

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 *Texas Register* 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 *South Western Reporter Third* 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services." Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each was given the opportunity to supplement their original MDR submission, position or response as applicable. The documentation filed by the requestor and respondent to date will be considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss method of payment. Consistent with the Third Court of Appeals' November 13, 2008 opinion, the division will address whether the total audited charges **in this case** exceed \$40,000; whether the admission and disputed services **in this case** are unusually extensive; and whether the admission and disputed services **in this case** are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that "Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold as

described in paragraph (6) of this subsection.” 28 Texas Administrative Code §134.401(c) (6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 Texas Administrative Code §134.401(c) (6) (A) (i) states “to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold.” Furthermore, (A) (v) of that same section states “Audited charges are those charges which remain after a bill review by the insurance carrier has been performed.” Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c) (6) (A) (v); therefore the audited charges equal \$48,486.00. The division concludes that the total audited charges exceed \$40,000.

The requestor in its position statement presumes that it is entitled to the stop loss method of payment because the audited charges exceed \$40,000. As noted above, the Third Court of Appeals in its November 13, 2008 opinion rendered judgment to the contrary. The Court concluded that “to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved...unusually extensive services.” The requestor failed to demonstrate that the particulars of the admission in dispute constitute unusually extensive services; therefore, the division finds that the requestor did not meet 28 Texas Administrative Code §134.401(c) (6).

In regards to whether the services were unusually costly, the requestor presumes that because the bill exceeds \$40,000, the stop loss method of payment should apply. The Third Court of Appeals’ November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must demonstrate that an admission involved unusually costly services thereby affirming 28 Texas Administrative Code §134.401(c)(6) which states that “Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker.” The requestor failed to demonstrate that the particulars of the admission in dispute constitutes unusually costly services; therefore, the division finds that the requestor failed to meet 28 Texas Administrative Code §134.401(c) (6).

For the reasons stated above the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount* and §134.401(c)(4) titled *Additional Reimbursements*. The Division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.

- Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that “The applicable Workers’ Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission...” Review of the submitted documentation finds that the length of stay for this admission was three surgical days; therefore the standard per diem amounts of \$1,118.00 multiplied by the allowable 3 days result in a total allowable amount of \$3,354.00.
- 28 Texas Administrative Code §134.401(c)(4)(A), states “When medically necessary the following services indicated by revenue codes shall be reimbursed at cost to the hospital plus 10%: (i) Implantables (revenue codes 275, 276, and 278), and (ii) Orthotics and prosthetics (revenue code 274).” A review of the submitted explanation of benefits indicates that the requestor billed a total of \$12,720.00 for revenue code 278. Review of the requestor’s medical bill finds that the following items were billed under revenue code 278 and are therefore eligible for separate payment under §134.401(c)(4)(A):

Code	Itemized Statement Description	No. of Units	UNITS / Cost Per Unit	Total Cost	Cost + 10%
278	PLIF Graft 10mm	1	No support for cost/invoice	\$0.00	\$0.00
278	Infuse Bone Graft	1	No support for cost/invoice	\$0.00	\$0.00
TOTAL ALLOWABLE				\$00.00	

- 28 Texas Administrative Code §134.401(c)(4)(B) allows that “When medically necessary the following services indicated by revenue codes shall be reimbursed at a fair and reasonable rate: (ii) Computerized Axial Tomography (CAT scans) (revenue codes 350-352,359).” A review of the submitted hospital bill finds that the requestor billed \$2,130.00 for one unit of revenue code 352-CT Scan/Body. 28 Texas Administrative Code §133.307(g)(3)(D), requires the requestor to provide “documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of

reimbursement.” Review of the submitted documentation finds that the requestor does not demonstrate or justify that the amount sought for revenue code 352 would be a fair and reasonable rate of reimbursement. Additional payment cannot be recommended.

- 28 Texas Administrative Code §134.401(c)(4)(C) states “Pharmaceuticals administered during the admission and greater than \$250 charged per dose shall be reimbursed at cost to the hospital plus 10%. Dose is the amount of a drug or other substance to be administered at one time.” A review of the submitted itemized statement finds that the requestor billed \$281.00/unit for Bacitracin 50,000/unit and \$369.00/unit for Mivacurium 100 mg vl. The requestor did not submit documentation to support what the cost to the hospital was for these pharmaceuticals. For that reason, additional reimbursement for these items cannot be recommended.

The division concludes that the total allowable for this admission is \$3,354.00. The respondent issued payment in the amount of \$31,536.88. Based upon the documentation submitted, no additional reimbursement can be recommended.

Conclusion

For the reasons stated above, the division concludes that the services in dispute are not eligible for the stop-loss method of reimbursement, that a pre-negotiated rate does not apply, and that application of 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount* and §134.401(c)(4) titled *Additional Reimbursements*, results in the total allowable reimbursement. Based upon the documentation submitted, the requestor’s Table of Disputed Services, and reimbursement made by the respondent, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
